

Metalens

—REDUCE CONVENTIONAL LENS SIZE

Moxtek® Metalens Substrate
0.001 mm

Optimize your optical system using Moxtek's metalens foundry. Moxtek® offers full-service metalens fabrication with in-house design capabilities for volume manufacturing. Our replication process provides tight tolerance and high repeatability.

Moxtek® Metalens

Conventional Lens Stack

- Visible and IR Wavelengths
- Nanoimprint Lithography
- Volume and custom capabilities
